

DRINKING WATER NOTICE

Source Monitoring requirements were not met for

LONDON CITY PWS

Monitoring Period: 07/19/2023

Our water system recently failed to collect well water samples for E. coli following a routine total coliform positive result in our distribution system. Although this incident is not an emergency, as our customers, you have the right to know what happened and what we did to correct the situation.

What Should I Do?

- *There is nothing you need to do at this time. You do not need to boil your water or take other corrective actions. If a situation arises where the water is no longer safe to drink, you will be notified within 24 hours. We will announce any emergencies on local radio and television stations.*

What is being done?

Upon being notified of this violation, we are required to post this public notice to inform our customers. LONDON CITY PWS will take steps to ensure that adequate monitoring will be performed in the future.

For more information, please contact Bill Long at 740-852-9656.
name of contact phone number

or at 20 S. Walnut St. London, Ohio 43140.
mailing address

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
